

Interest High As Election Tuesday Will Decide Issues

Three Candidates In Race For Supervisor Of This District

The most interesting contest in the primary election next Tuesday is the race for supervisor of the fifth Nevada County County district.

The incumbent, H. G. Loehr, 15 years a board member, is opposed by two candidates, Cecil Edmunds, former manager for many years of the Truckee Public Utility District, and Sherman Reams, president of the Soda Springs Ski Corporation.

It is quite probable that only one of the three will be eliminated at the primary, the other two being required to go into the general election to decide the issue.

N. F. Doley, the only other local candidate in the primary, is unopposed for reelection to the office of constable.

Because candidates cannot cross file this year, Republicans can vote for only Republicans and Democrats for Democratic candidates on the state and national levels.

In the race for congress, Harold T. Johnson, the incumbent, is alone on his ticket while Fred Nagle, a Susanville rancher is the sole Republican candidate for the office.

For state senator, the Democrats opposing incumbent Ronald G. Cameron are George A. Buljan, Roseville city councilman and Raymond R. Carpenter, a highway patrolman from Auburn. On the Republican ballots, the candidates for the state senate are John A. Raffetto of Auburn, Weston W. Brunner of Grass Valley, Frank R. Chilton, Jr., of Roseville.

In the contest for state assembly.

Host and hostess for the evening were Mr. and Mrs. William Grimm. A piano solo by Jean Kessey was heard.

Members of the choir were Virginia Peters, Lynn Staben, Karen Critchley, Sandy Fellows, Margy Mandeville, Pam Clark, Barbara Keen, Patsy Jensen, Marlea Draney and Gretchen Gruendemann.

A dance and refreshments concluded the evening.

CAL-NEVA OPENS FOR SEASON WEDNESDAY

CRYSTAL BAY — Cal-Neva Lodge, one of the show places at North Tahoe has scheduled its formal 1960 season opening for Wednesday, June 8, Manager Bert Grober announced.

At the open house party to which everyone is invited, cocktails will be served from 6:30 and a buffet supper at 7:30.

Grober said a fine lineup of shows has been scheduled for this season.

BILL WRIGHT CHOSEN FOR MISSILE WORK

PFC Bill Wright, son of Mrs. Elaine Wright of Auburn and a graduate of the Tahoe Truckee High School, was recently selected from among his army group for duty in firing a live missile at the army base in New Mexico. He is now on duty at a base in Renon, Washington.

Wright formerly lived at Lake Forest and worked for William Connors at the service station and for Henrickson Brothers.

18th Century Dish—

A plate display of interest this week at Heller's Variety shows Vienna ware with central picture, from a factory in Austria which survived the period of 1718-1864. In 1744 the factory was bought by Empress Marie Theresa.

Mr. and Mrs. George Collins, who have been visiting with her parents, Mr. and Mrs. Bob Watson, have returned to their home at San Anselmo.

Census Will Leave Truckee Far Short Of Actual Count

Truckee definitely will not have a true population count from the recent census.

This was assured when Lee Apple, president of the Truckee Donner Chamber of Commerce, received a letter from Congressman Harold T. Johnson, in reply to one sent by the chamber, indicating the bureau of the census had refused to meet the request of the chamber to include all parts of Truckee in the 1960 count.

As the matter now stands, the Truckee count of population will include only to the street west of the Tahoe Forest Hospital, with all of Gateway Park, Meadow Park and the Donner Lake area being included in another area.

By cutting the town in two parts, this means that the figures, although still not released, will give Truckee less than half its anticipated population.

The bureau of census advised Johnson, according to his letter to Apple, that in order for an unincorporated town to be counted as an density, it must have a density of population exceeding 1,000 for each square mile. This is a qualification impossible for Truckee.

Apple said he would continue to work to have the matter adjusted and hoped to be able to secure figures from the bureau, even though they cannot be officially counted, which will give Truckee its rightful count, estimated at well over 2,000.

The 1950 census set the figure for Truckee at 1,025, but this included all the area west to Donner Monument.

More Teachers In Schools To Leave

Resignations from six teachers and one custodian were accepted by the governing board of the Tahoe Truckee Unified School District at their most recent meeting.

Teachers resigning included Eugene Goodrich, Mrs. E. Stewart, Mrs. B. J. Smith and Kenneth Stewart, all of the high school, Miss Ruth A. Stevenson of Tahoe Lake school and Ralph Johansen of the Truckee elementary school. L. J. Robinson resigned as custodian at the Tahoe Lake school.

In other action, the board established a policy that all teachers, employees and members of the governing board of the district be admitted free of charge to all school sponsored activities.

MRS. BRINER HEADS LAKE TAHOE GROUP

Mrs. William Briner was installed by Mrs. Wendell Russell as president at a dinner meeting, Wednesday, May 25 at Smart's.

Other officers of the group are Mrs. John Legras, vice president; Mrs. Terry Tollefson, corresponding secretary; Mrs. Larry Helm, recording secretary; Mrs. Lorrin Ferdinand, treasurer and Mrs. George Mead, auditor.

The table centerpiece spelled out the group's name in purple flowers, each officer being presented with a letter in corsage form.

LAST RITES HELD FOR ISABELL SULLIVAN

Last rites were held Tuesday at Sacramento for Isabell Sullivan, wife of E. J. Sullivan and daughter-in-law of E. D. Sullivan, a former Truckee resident.

The deceased was also survived by four young sons, her parents and other relatives.

Preceding interment in St. Mary's cemetery a requiem mass was celebrated in the Holy Spirit Church.

WOMEN'S BOWLING LEAGUE PLANNED

KINGS BEACH — The Kings Beach Bowl will have Agnes Duffy of San Francisco in the league room of the building to help organize women's bowling league associations at 7 p. m. Saturday, June 11.

All women interested in taking part in the leagues are asked to be present at that time to learn the particulars for the interesting and enjoyable sport.

From Desert—

Dorothy Brockman has returned from two months visit in the desert area of southern California.

Olympic Village In Squaw Valley Is Opened To Public

Squaw Valley Inn Operates Quarters For 600 Valley Guests

The Olympic Village at Squaw Valley opened Friday as a resort center for 600 guests. Robert Mills, manager of Squaw Valley Inn, will operate the village facilities.

The four dormitories that housed Olympic Games' athletes four to a room will be available to guests on a two-to-a-room basis, at \$3 a person, he added.

The Athletes' Center, a dining hall that seats 1,000 persons, will be used whenever a sizable convention takes over the Village, Mills said. Otherwise, dormitory guests can eat at the Squaw Valley Lodge, the Squaw Valley Inn, the Bear Pen or at a cafeteria in the California Building.

A little theater group will put on plays throughout the summer at the Squaw Valley Playhouse, movies will be shown daily at the Squaw Valley Laurel Theater and a jazz concert is being organized, Mills said.

In addition, ice skating will be available at the giant ice arena every afternoon and evening, and there will be log-rolling contests and porcupine races.

Mills said the first convention booked at the Village is a meeting of the Horseless Carriage Society on June 24. More than 700 members and their antique vehicles will convene.

The Village, like other concessions in the state park, will be operated under an agreement with the California Beaches and Parks Division.

BAY AREA TEACHER DROWNED AS BOAT CAPSIZES IN LAKE TAHOE

RUBICON POINT—Georges Espeve, a San Francisco teacher, was believed drowned Saturday morning when his canoe capsized on Lake Tahoe.

Espeve was a weekend guest at the lakeside home of Ralph K. Davies, San Francisco shipping magnate and banker. Espeve was one of a group of friends invited by Davies' daughter, Alice Davies.

The El Dorado County sheriff's office said Espeve, 37, took a canoe out alone in the early morning. Mrs. Carol Hancock of San Francisco reported she saw him struggling in the water a mile and a half from Rubicon Point.

A coast guard boat and a private plane failed to find the body.

A native of France, Espeve was a tutor in mathematics and French. He also taught at the Three R's School, a private, experimental institution in San Rafael and was scheduled to teach there again this fall.

FAMILY ESCAPES AS TIDAL WAVE HITS

Mr. and Mrs. A. E. Burlingham received word of the safe arrival of her daughter, Mrs. Dee Ramsey who left Hawaii just before the recent tidal waves hit that coast and is now staying in California while her husband is on a U. S. Navy cruise.

About the same time Mrs. Burlingham became a great grandmother for the second time when a son was born to Mr. and Mrs. Don Capehart of Sunnyvale. The new arrival has been named Christopher Michael and weighed in at a husky 9 pounds, 4 ounces.

FOUR ARE HURT IN TRUCKEE CAR CRASH

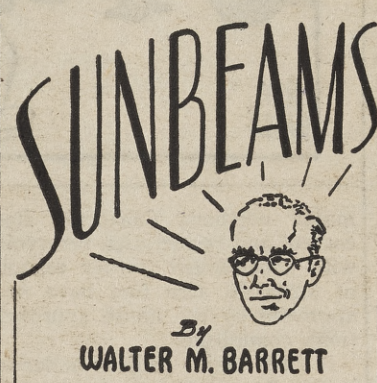

Four people suffered minor injuries Thursday evening when a car driven by Mrs. Mary DeLisle got momentarily out of control on River Street and crashed into one owned by William Hutchins.

Hurt were the driver, her daughter, Michelle Rene, 8, her son, Darby O'Donoghue, 14, and Mrs. Guisina Giovannoni, 62.

The accident occurred, according to the highway patrol when Mrs. DeLisle turned to brush a wood tick from the clothing of her daughter.

SPECIAL MEETING

A special meeting of the directors of the Truckee Public Utility District will be held at the office of the district at 8 p. m. Monday, June 6, President Ben King announced.

With the primary election coming up next Tuesday, considerable interest is being manifested in the results and it is hoped that the 62 per cent turn out predicted by the forecasters will be far short of the mark. Like most of you, we have decided upon our favorite candidate and we are not going to ask you to change this opinion. However, we are going to urge that you exercise the privilege and duty which is yours and go to the polls Tuesday. It will take only a few minutes of your time and you will be accomplishing a job which only you can do. We believe the vote in this district should exceed the 75 per cent mark and it is up to every voter to see to it that his ballot is among those counted.

The fact there were not reportable motor vehicle accidents in this area during the busy holiday weekend points out clearly that accidents are avoidable. Thousands of cars passed over the highways and only one minor "fender-bender" was recorded, speaking very well for the care of the driver and the alertness of the highway patrol.

Veterans Conduct Memorial Service

Members of Truckee Post No. 439, American Legion, turned out in force Monday morning to pay tribute to their departed comrades at impressive ceremonies conducted at the Truckee cemetery.

The color guard and firing squad was under command of H. L. Owens and the post commander, Ed Androus, officiated as chaplain. Taps were played by Merrill Englehart.

Father P. J. O'Neill of the Catholic Church, expressed his appreciation to the Legion members who gave generously of their time cleaning up the Catholic cemetery prior to Memorial Day.

GIRL SCOUTS ENJOY BIG PROGRAM HERE

A potluck supper for more than two hundred Girl Scouts and their families preceded the May 19 presentation of a program by Brownie Troops No. 130 and No. 137 and Intermediate Troop No. 132 of Girl Scouts.

Costumes were used by the two younger troops to complement their singing and dancing numbers. Mrs. W. D. Randall is present leader of the Brownies and chairman of the neighborhood committee.

A play written by Mrs. Roy Saarni, named "The Sun and Its Family" was acted out by members of Troop No. 132, adding to their astronomer proficiency badges and to the enjoyment of the audience.

Mrs. Saarni is leader of this troop, assisted by Mrs. Robert Leamon and Mrs. James Walker.

The Truckee Rotary Club was given a vote of thanks for furnishing milk for the supper.

MISCHIEF LEADS TO TOUGH JOB FOR BOYS

Fitting punishment for three 12 year old boys who found pleasure in letting air from tires on cars parked along the main street was meted out by sheriff's deputies last week.

Apprehended in the act, the three boys were required to spend their time between 7 and 11 p. m., with the permission of their parents, in pumping up the deflated tires by hand, no small task and not nearly as much fun as seeing the tires go flat.

STATION LOOTED

The U-Save service station west of Truckee, operated by Gerald Hammer, was broken into and robbed of approximately \$25 last week. A window was smashed and a tire iron used to break open the operated machines.

Paces Home—

Mr. and Mrs. Anthony Pace have returned from a trip to San Bruno.

Work Is Started On Repairs For Tahoe Short-cut

Traffic Will Continue Over Highway As Progress Continues

Work has started on widening Brockway Road from about one mile southeast of Truckee to the Nevada-Placer County line, according to H. G. Loehr, Nevada County Supervisor.

Initial work consists of minor clearing, removal of a few trees, and placement of signs. Known also as the Kings Beach cutoff, the 1.5 miles of county road will be widened to 24 feet with plant-mix on a reconstructed 32-foot roadbed with no change in alignment.

There will be no detours and traffic will be permitted to pass through the construction zone at all times with a minimum of inconvenience or delay. The job is expected to require about eight weeks to complete.

Contractor for the project is Krull & Pacheco of Union City who last month offered a low bid of \$79,605. Tom Heather of Grass Valley is resident engineer supervising construction for the county and state.

At its southern end, the project connects with a similar 4.6 mile improvement in Placer County completed last year. A future new alignment is being studied for an improved connection into Truckee from the northern end.

As part of the federal-aid secondary road system, or FAS, the route is included in the state-wide program of improving important county roads and highways. Financed jointly by county, state, and federal funds, the project was initiated by Loehr. Federal law requires that such work be done by state contract under the general supervision of the highways district office in Marysville.

Kings Beach Bowl To Open Saturday

KINGS BEACH — The event which this whole area has been looking forward to with relish is scheduled for 8 p. m. June 4 when the Kings Beach Bowl will stage its formal opening.

The owners, W. O. Mizner and Meredith Siple announced that finally, after months of preparation and planning, the 16-alley bowl is ready for operation and the public is invited to participate in the grand opening next Saturday.

Special prizes will be awarded in the form of bowling balls, shoes and bags and an interesting evening is scheduled. Also opening will be the beautiful lounge overlooking Lake Tahoe and providing refreshments for all.

A nursery will be open for children and everything has been done for the pleasure and convenience of the patrons.

Already a league is being formed and the bowl promises to be a center of attraction at North Tahoe.

EASTERN STAR WILL MEET ON JUNE 7TH

Plans for the June 7 meeting of the Truckee Chapter, Order of the Eastern Star have been changed to include a potluck supper, convening at 6:30. Margaret Craig, W. M. and Sam Faulkner, W. P. will preside at the business session.

Marguerite Lubnow will be chairman, assisted by a committee and Hannah Stewart will be hostess for the affair. A memorial service will be held for departed members.

NO ACCIDENTS HERE ON BUSY WEEKEND

Despite the fact that traffic through this area set a new Memorial Day weekend record, there were no reportable motor vehicle accidents.

Sergeant Frank Snyder, in charge of the Truckee squad of the California Highway Patrol, said there were a number of moving citations issued as the entire squad was kept busy patrolling the highways in the district.

Funeral Held—

Funeral services were held at Auburn for Lester O. Teagarden, aged 69 years last week. Among his survivors is Rolf Teagarden, Jr., of Tahoe City, a grandson.

Truckee Man Gets Third Hole-in-one On Tahoe Course

Recently Frank G. Gaennie, Truckee Tahoe district superintendent for the Sierra Pacific Power Company accomplished that which most golfers dream of doing all their lives without fulfillment—he banged out a hole in one.

That, however, is only part of the story. Gaennie has now sunk the ball in one stroke on all three par-three holes at the Tahoe Golf Course, namely holes 6, 2 and 9.

For his outstanding accomplishment in golf circles, the Truckee man has been recognized by the Professional Golfers Association and has been presented with a small medal for the achievement.

TIME NEAR FOR NAME LIST IN DIRECTORY

Now is the time to think about how your listing looks in the alphabetical section of the directory, according to L. R. deGallery, Pacific Telephone manager here.

DeGallery said that Monday, June 6, is the last day changes or additions should be made to the alphabetical section of the 1960 Lake Tahoe, Soda Spring and Truckee telephone directory.

The June 6 deadline applies to subscribers who want to change the way their names appear in the alphabetical section. Subscribers who want to get separate listings for their children or others living in their homes should also do so now.

According to deGallery, changes or additions should be made by contacting the local telephone business office.

The 1960 phone book will be delivered starting late in June.

MOTHER OF TRUCKEE WOMAN DIES IN RENO

Last rites were held at Reno for Mrs. Mary Prendergast who died May 27. The deceased was the mother of Mrs. Mary Purington of Truckee and is also survived by another daughter and five grandchildren.

She was a Reno, Sparks resident for the past 35 years, an auxiliary member of the Brotherhood of Railroad Trainmen and also an American Legion auxiliary member.

CHAMBER TO MEET

A meeting of the Truckee Donner Chamber of Commerce will be held at Smart's next Wednesday at noon. A number of important matters are due for discussion. President Lee Apple will preside.

Roses From Arcata—

Mr. and Mrs. Dave Rose of Arcata were here on a business trip during the weekend.

Dr. Nelson Leaving To Continue Study

Dr. L. D. Nelson, who has been practicing general medicine in Truckee for the past 12 years, announced that he is returning to school on July 1 and is disposing of his practice here to Dr. Ray Wiser, who has been associated with him for the past several months.

At the same time, Dr. Nelson announced the sale of their home in Gateway Park to Rev. and Mrs. Roy Rhoades, the former pastor of the Truckee Bible Church. The Rhoades will take possession of the home about the middle of this month.

Dr. and Mrs. Nelson and family will reside near Tiburon where they have purchased and furnished their new home and the doctor will commute to San Francisco where for a year he will study under Dr. H. Lindner, chief of staff at St. Joseph's Hospital. He will specialize in bone tumor research and soft tissue surgery.

The remaining time of his schooling will be at the University of California Medical Center of which Dr. Donald Lucas is chairman.

Dr. Nelson said that while he sincerely regrets leaving Truckee, he felt that the opportunity offered by his selection to attend the advanced classes could not be neglected.

Presently the family plans to return to this area after the doctor completes the courses offered.

Both Dr. and Mrs. Nelson have made many friends here who will regret their departure.

PLANS COMPLETED FOR RUMMAGE SALE

The Tahoe Squaws are completing plans for a rummage sale to be held July 8 and 9 in the Tahoe City Elementary School, the proceeds to be donated for the benefit of the Tahoe Forest Hospital.

The active women are asking for donations of any type which will be gratefully received for the most worthy cause. For pick up, telephone Truckee, LUther 7-3628 or Tahoe City, JUniiper 3-3250.

COUNTY TO RECEIVE
HIGHWAY USE FUND

SACRAMENTO — (CNS) — Ne-
vada County will receive an esti-
mated \$314,200 in highway users
tax funds during the 1960-61 fiscal
year, State Controller Alan Cran-
ston reported today.

The 58 counties will receive a
record-breaking total of about \$88-
040,200, he said. This will be an
increase of \$5,754,000 over the
total which Cranston's office has
estimated would be distributed to
counties during the present fiscal

FLOOD PROJECTS ARE

Congressman Harold T. Johnson
reports from Washington that four

year, which ends June 30.

Cranston said county boards of
supervisors are notified of the
estimated revenues for 1960-61 so
they can gear their budgets to the
anticipated income.

Nineteen counties will receive
more than \$1 million. Los An-
geles County will get the largest
single slice, some \$28,268,800.

Section 1. GARBAGE, as the
said word is made use of in this
ordinance, shall include all of the
following: (a) animal, fruit and
vegetable refuse; (b) offal; (c)
leaves and cuttings, trimmings
from trees, shrubs and grass; (d)
organic refuse and rubbish; (e) any
thing thrown away as worthless.

Section 2. It shall be the duty
of every tenant, lessee or occupant
of any private dwelling house and
of the keeper of every hotel, res-
taurant, eating house, boarding
house or other building where
meals are furnished and of the
tenants and/or owners of every
flat or apartment house, and of
every other person having garbage,
to provide without expense to the
Truckee Sanitary District, and at
all times to keep within said build-
ing or on the lot on which said
building is situated, suitable and
sufficient water tight cans or re-
ceptacles with suitable bales or
handles, and each having a tight
fitting cover, for receiving and
holding without leakage, or escape
of odors, and without being filled
to within four inches of the top,
all the garbage which would or-
dinary accumulate on said pre-
mises in one week's time; and all
such cans shall be placed at least
four inches above the ground un-
less they are of the type designed
to be sunk to or below the level
of the surrounding earth and
fitted with a cast iron cover, and
shall be so placed as to be readily
accessible for removing and empty-
ing the material therefrom by the
collectors, and where they will not
be a public nuisance or in any de-
gree offensive. Such garbage cans
or receptacles must be emptied by
the collectors at least once each
week. Cans or receptacles for gar-
bage shall each have a capacity of
not less than ten gallons, nor more
than thirty gallons. No can or re-
ceptacle for receiving garbage,
shall be placed on or in any street,
alley, sidewalk, footpath or any
public place whatsoever, except in
accordance with rules and regula-
tions established under this Ordinance
for the collection of the same. It
shall be unlawful to keep, place
or deposit garbage on any private
grounds or premises whatso-
ever except in cans or recepta-
cles as designated in this ordi-
nance.

Section 3. It shall be unlawful
for any person in the Truckee San-
itary District to throw or deposit
garbage, or to cause the same to
be thrown or deposited, upon any
street, alley, gutter, park, or other
public place, or to throw or deposit
the same in or upon any vacant
lot, or backyard, or to store or keep
the same otherwise than in cans or
receptacles, as required by Sec-
tions 2 and 4 of this ordinance.
Each day's violation of this sec-

tion shall be treated and consider-
ed and the same shall be a sepa-
rate and distinct offense.

Section 4. It shall be the duty of
every tenant, lessee and occupant
of every private dwelling house and
of the keeper of every hotel, res-
taurant, eating house, boarding
house, apartment house or other
building where rubbish will ac-
cumulate, to provide boxes, barrels
or other receptacles to be kept on
said premises sufficient to hold
the rubbish which would ordinarily
accumulate on such premises in
one week's time, and all rubbish
accumulating on such premises
shall be placed in such boxes, bar-
rels or other receptacles. Said
boxes, barrels, or receptacles shall
be so placed as to be readily ac-
cessible, to the collectors for the
removal of rubbish therefrom. No
one of said boxes, barrels or re-
ceptacles shall have a capacity ex-
ceeding one hundred gallons. The
garbage collector shall be the ex-
clusive judge of the sufficiency of
such boxes, barrels or receptacles.

Rubbish as used in this section
shall consist of the combustible
matters under the provisions of
subdivisions (c), (d) and (e) of Sec-
tion 1 of this ordinance.

Section 5. It shall be unlawful
to deposit any garbage within the ter-
ritorial limits of Truckee Sanitary
District, or within four hundred
yards thereof, except at the place
designated by the licensed collec-
tor, for the purposes of destruc-
tion.

Noncombustible matter, under
the provisions of subdivisions (d)
and (e) of Section 1 of this ordi-
nance may be used for filling in
on low lots within the territorial
limits of the Truckee Sanitary Dis-
trict, upon receiving written per-
mission of the Board of Directors
of the Truckee Sanitary District.

Section 6. It shall be unlaw-
ful for any person, firm, corpora-
tion, other than the collector as
may be designated by the Board
of Directors of Truckee Sanitary
District, under contract there-
for or his agents or employees,
to collect, dispose of, transport,
carry or convey through the
streets, alleys, or public
thoroughfares, of the Truckee
Sanitary District, any garbage,
or other matter offensive to the
sight, or to collect or dispose of
the same.

Such licensees of the Truckee
Sanitary District shall collect and
remove such garbage, rubbish or
offensive matter in trucks or other
suitable conveyances which shall
be numbered with the number of
each painted on the outside there-
of so as to be plainly seen and
which shall be so loaded that none
of such garbage, rubbish or offen-
sive matter shall fall, drip or spill
to the ground.

Section 7. It shall be unlaw-
ful for any person, firm, corpora-
tion to drive, or cause to be
driven upon or along any street,
alley, highway, place, court, or
other public place within the
limits of said district, any ve-
hicle loaded with noncombustible
matter, as set forth in Section
5 of this ordinance.

Section 8. Any person may law-
fully burn combustible matter un-
der the provisions of subdivisions
(c), (d) and (e) of section 1 of this
ordinance, except on streets, alleys
or highways, subject to the provi-
sions of this ordinance, in an in-
cinerator of a type approved by the
Health Officer, between the hours
established by State Law or Truck-
ee Sanitary District ordinance.
If the garbage collector is required
to clean the ashes from any such
incinerator he shall be entitled to
charge and receive the sum of fifty
cents for each such cleaning. All
such incinerators shall be wholly
cleaned at least once each month.

Section 9. It shall be unlaw-
ful for any person to throw or deposit,
or to cause to be thrown or depos-
ited, any garbage as defined by this
ordinance (except bricks, brick-
bats, cement, plaster, stones and
gravel, and these only under a

contract with the said Truckee
Sanitary District.

Section 15. Every person, firm,
association, or corporation violat-
ing any of the provisions of this
ordinance shall be guilty of a
misdemeanor and upon convic-
tion thereof shall be punished
by a fine not to exceed Three
Hundred (\$300) Dollars, or by
imprisonment for a period of
not to exceed three (3) months
or by both such fine and im-
prisonment.

Section 16. If any fee provided
for in this ordinance is not paid
within sixty (60) days from the due
date thereof, a penalty of one hun-
dred (100%) per cent shall be ad-
ded to said fee which shall be col-
lected in the same manner as here-
in provided. Any person by whom
the garbage fee is payable, who,
after notice given by the Collec-
tor by left rendered to such per-
son or left in a conspicuous place
on the premises, refuses or neglects
to pay such garbage fee, shall be
deemed guilty of a misdemeanor
and upon conviction thereof shall
be punished as provided by Sec-
tion 15 hereof.

Section 17. Ordinance No. 4 and
all other ordinances or parts there-
of in conflict herewith are hereby
repealed.

If any portion of this ordinance
is held unconstitutional, such de-
cision shall not affect the validity
of any other portion of this ordi-
nance.

DONNER DOINGS

By VIRGINIA O'BEAR

The weather was just ideal this past Memorial Day holiday. Many people were in the Donner area and spent many hours in the warm sunshine, fishing, boating and waterskiing. I hope we continue to have this beautiful weather for awhile.

Mr. and Mrs. Les Rasmussen with son Ronnie and daughter Rae Lynn, spent the weekend here. The Rasmussens are former Donner residents and are now living in Santa Rosa. Billie said their son Mike is stationed in England and is with the air force doing medical work.

Mr. and Mrs. Bill Stenson and son Jim spent a few days with us and enjoyed themselves fishing and boating. Bill is a former outboard racer champion and raced the famous Gabby C-411, winning the regionals two years in succession adding this special trophy to his collection. The Stenson's are planning another trip here in July to watch the regionals which will

be at Donner Lake for the second time in eleven years.

The west end of Donner Lake was a busy place over the weekend. The Donner Lake Property Owners Association put in a lot of work on their beach preparing for the summer. Many members showed up with shovels, rakes and hammers to help do the necessary repairs. The public beach was officially opened this weekend which is operated by Mr. Jamieson of the Diamond Boat and Sport Shop in Reno. He was giving everyone free boat rides over the weekend and many enjoyed his fast moving boats that can turn on a dime and they are guaranteed not to tip over. Yes, I believe summer is here at last.

Mr. and Mrs. Danny Brack spent a few days in Healdsburg visiting relatives and friends. Rosalie said it was really warm there and coming through the valley on the way home, it was really warm.

Mr. and Mrs. Arnold Verdi have been busy with vast improvements on their resort. They have a new attractive neon sign and have put in a large picture window with some beautiful rock work done by Leo Zander. Notice is the next time you go by as it is such an

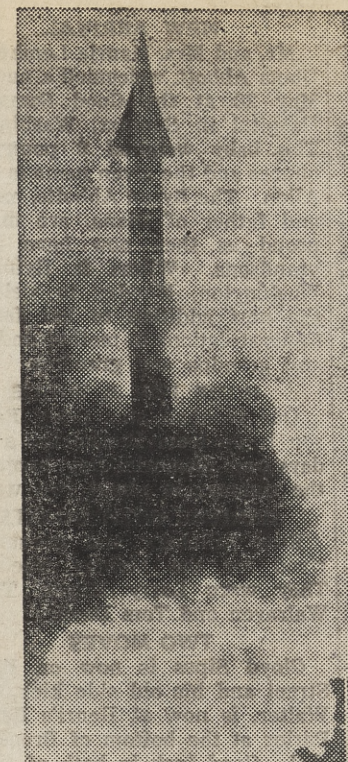

improvement and an eye catcher, one Donner Lake can be proud of.

The newlyweds, Mr. and Mrs. David Whitley, spent a couple of days in Oakland and Fairfield visiting relatives and friends. Dave was mighty proud to be introducing his bride to his uncle and family.

Mr. and Mrs. Wayne Ross were up for the weekend and kept busy getting their summer home ready so they can come up as soon as school is out. Mrs. Ross is secretary of the Donner Lake Property Owners Association.

Many people were up for the weekend but since we had guests, I was unable to get around and find out how many people were in the area. Seemed as though everyone had visitors and lots of people were here who own summer homes on the other side of the lake.

Since summer is here and there is such an increase in traffic, I wish we could have the 45 speed limit at Donner Lake reduced to thirty or thirty-five. It is really dangerous and if you happen to live near a dangerous curve such as we do, you take your life into your hands when you cross the

highway. If some people would keep the speed of 45 it wouldn't be too bad but they go barreling along not realizing this is a resort village and should be cautious. Maybe if we could get several pedestrian zones for crossing near the busy resort areas, at the east end and west end of Donner, it might prevent a few accidents. I have witnessed a number of accidents in front of our place just because of speeding and passing near this dangerous blind curve. When the new highway is completed we won't have this problem but we still have a few years to wait and a lot could happen by then.

Don't forget to go to the polls and vote Tuesday, June 7. The polling place at Donner Lake is at the Armstrong Realty office at the west end of Donner Lake. The hours are from 7 a. m. to 7 p. m. so I hope to see you there, I'm a clerk this year.

NEW ARRIVAL

Mr. and Mrs. Maurie Lemke, nee Diana Abbott, welcomed a new son May 28 at the Good Samaritan Hospital in Sumner, Washington. The baby weighed 8 pounds, 2 ounces and the given name is Scott Allen. The Byron Abbotts, mother and father of Diana, are mighty proud as they now have three grandsons. Wilma is flying to Washington, Monday to welcome the new addition to her family. Congratulations to mother and dad and grandpa and grandma.

HOME FOR A WHILE

Our baseball star Craig Robinson is up from Fresno for a few days over Memorial Day, home for the summer in about two weeks.

ARRIVES WITH GUESTS

Rose Lilleberg and guests arrived for the holiday weekend. They were Larry Meyer, Thora Walraven and Tom Davis.

TWO MOVES

Cloyd Sipes is now on Brook Street and his old side kick, Otto Walter, is now at Henri's Beauty Parlor at the bottom of Brockway Hill. Good luck to both of them.

PART OF NAVY'S IN

Kenny Lavery, son of Constable and Ruth Lavery arrived home

Sunday night after a long stretch traveling over the ocean with Uncle Sam's navy. Welcome home, Kenny.

HOME LEASED

So nice to see the Laurence McDonalds move in the house they have leased on Brasse Avenue. He has bought property in Kings Beach and will start building a duplex on the property soon. They had as their house guest Mr. and Mrs. Kelso of Solvang and Mrs. Kelso's brother, Bill Payner who was on leave from the Marine Corps. It was the Kelso's first trip to Lake Tahoe and they plan to make this their home within the next year.

GUESTS

Mr. and Mrs. Harvey Klitzke had as their guests over the holiday weekend Mr. and Mrs. Warren Strahm who flew up from Sherman Oaks. The Sam Harrisons entertained them with a cocktail party Sunday afternoon and their many friends are looking forward to August when the Strahms will be located in their new home in Kings Beach permanently.

Benjamin Franklin was born in Boston, Massachusetts, January 17, 1706.

Lee Frankovich, president of the Reno Hotel Association and acknowledged dean of hotel men in Nevada, has been appointed general manager of the Bal Tabarin, famed club casino at Crystal Bay, north end of Lake Tahoe.

Frankovich takes over management of the Bal Tabarin effective with the casino's grand re-opening on June 14, according to Mr. and Mrs. Lincoln Fitzgerald, owners of the well-known club.

Formerly the general manager of Reno's Holiday and Riverside Hotels, Frankovich has long been recognized as a leader in the hotel and fraternal life of Reno and northern Nevada.

CONSTANT ALERT IS URGED FOR DRIVERS

"Motorists are capable drivers most of the time, it's the momentary lapse in attention and alertness that is usually responsible when these drivers get into trouble."

This is the opinion expressed today by Sergeant F. H. Snyder, officer-in-charge of the Truckee substation of the California Highway Patrol.

"We know that a great majority of traffic accidents result from a violation of the law," Snyder continued. "In most cases the violation was knowingly committed—the driver knew he was exceeding the posted speed limit, for example."

"But in other cases, the violation was unintentional, the result of a brief period of distraction from the business of driving caused by any one of several reasons. Even good drivers are liable to have these distractions unless they constantly guard against them."

Sergeant Snyder noted that a skilled driver always drives defensively and thus is prepared to meet any emergency caused by another person's negligence or unlawful action.

"He knows that the responsibility for safety is pretty much up to him alone and that he cannot rely on the other fellow always to do the right thing."

DONNER SUMMIT NEWS

By DONNA I. POWER

NEW TEACHERS

New teachers to begin instruction in the Donner Trail School in September have been selected from an excellent group of applicants. The principal and upper grade teacher, Rex Anderson, is already a sixth grade teacher in the Tahoe Truckee School District at the Kings Beach school. Anderson is a graduate of Chico State College and comes to the Donner Trail school with an excellent record of two years of teaching. Accompanying Anderson will be his wife and two small daughters. The family plans to live in a trailer to be parked on the school property. Mrs. Gloria Reed of Kingvale, who taught previously in the Donner Trail school, will teach the primary students. Both teachers have been to the present classes to meet students and school personnel and confer with the present teachers in an effort to acquaint themselves with the rural type school.

STUDENT COUNCIL

Donner Summit Lodge was the host last week to a group of 26 members of the Sacramento State Student Council and their advisors who attended a conference to discuss problems of the college student government. Advisors assisting the students were President and Mrs. West, Dean of Students Dr. Bailey, Dr. Gamage and Hornet Director John Krier.

ROTARY CLUB

Installation of officers of the Truckee Rotary Club was held at Donner Summit Lodge following a dinner served to the group of officers and members.

GROSS LEAVES

Jack Gross and Mrs. Gross, well known service station operators in Truckee and known in the summit area for his work at the Sugar Bowl, left to open a new service station at Walter Haug's San Simon Lodge.

DIRECTORS MEET

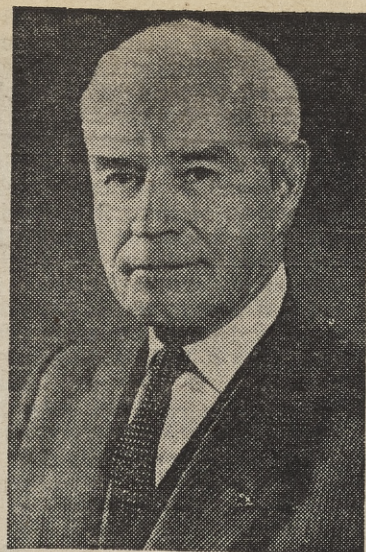

The board of directors of the Donner Community Club held a meeting last Wednesday at the home of the president, Allen West at the Central Sierra Snow Laboratory to discuss plans for the June meeting and a summer barbecue to be held later in the summer.

WELCOME HOME

Barbara Zorich has returned to her Soda Springs home after a week long stay in Stanford Hospital in Palo Alto where she underwent a series of tests.

folk dancers is planning to again take up folk and square dancing activities. All interested are asked to call Joyce West so as to be included on the list to be notified when the dancing is started.

SIMMONS MOVE

Toddy and James Simmons of Soda Springs have made plans to move the weekend of June 10 to Grass Valley where Jim will teach in the Grass Valley High School District beginning in September. He will teach mathematics, social science, and coach varsity basketball in his new position. Best wishes to the Simmons in their new home and to Jim in his new teaching position.

CONGRATULATIONS

Sincere congratulations to Mrs. Joyce West of Soda Springs who has this week become a United States citizen when she successfully passed the necessary tests.

VAN NORDEN

Plans are currently being made to turn Lake Van Norden at Soda Springs into a recreational area. The owners of the water storage lake, the Pacific Gas and Electric Company, have offered the facility to the Donner Summit Public Utility District for development along these lines. The utility district, not feeling they have the funds to accept it, plan to offer the lake usage to the Donner Summit Community Club. Since many of the Donner Summit residents and visitors have boats it is hoped that the community will be able to accept the responsibility for the use of the lake as a recreational area.

BOARD MEETS

The Donner Community Club

held a planning meeting at the Norden home of Mr. and Mrs. Wade Hampton Wednesday. Present to discuss the plans for the Community Club activities were Mrs. Dorothy Bacon, treasurer for the group, Allen West, president, of the Community Club, Vice President Betty Board, Secretary Betty Hampton, and board members Herb Fredericks, Olga Lyddane, Max Williamson, Gloria Read, and Donna Power. Preliminary plans were made for the Community Club barbecue which is to be held on the first weekend in August at the Big Bend Ranger Station picnic grounds. Committees for the event will be organized at a later date.

PATROL PHONE FOR EMERGENCIES ONLY

ZEnith 1-2000 is the statewide, toll-free telephone number of the California Highway Patrol but it is to be used only for reporting a traffic accident or some other kind of traffic emergency, Sergeant Frank H. Snyder, officer in charge of the Truckee substation

sion for the students of the Donner Trail school to hold their end of the school year picnic at their picnic grounds. The students plan to travel by school bus to the grounds on June 9 where they will play games, enjoy a barbecue lunch and perhaps swim. Parents and friends are invited to bring their hot dogs and join the old fashioned family picnic day.

unit of the patrol, declared.

"This special telephone number has been assigned to the California Highway Patrol for the past six years and is a quick and sure way of contacting the patrol when a traffic emergency arises," Snyder continued.

"Simply dial the operator, ask for ZEnith 1-2000 and tell her you want to report a traffic emergency. The operator will then immediately connect you with the nearest California Highway Patrol office."

Sergeant Snyder said the patrol should be called to traffic accidents that occur outside city limits. City police departments normally handle traffic emergencies within cities, however, the patrol does handle situations on some freeways and other areas within municipalities.

"If you are in doubt, call ZE-nith 1-2000 and the patrol will dispatch one of its officers or relay the call to the city police department, depending on the location of the accident or emergency," Snyder said.

Pony Express mail first reached San Francisco, at \$5 per half ounce, on April 14, 1860.

California timber operators produced almost 300,000 Christmas trees in 1956.

DELINQUENT TAX LIST

PURSUANT TO SECTIONS 3391 THROUGH 3395, REVENUE AND TAXATION CODE, THE DELINQUENT TAX LIST AND THE ADDENDA THERETO IN AND FOR THE COUNTY OF NEVADA, STATE OF CALIFORNIA, HAS BEEN DIVIDED AND DISTRIBUTED TO VARIOUS NEWSPAPERS OF GENERAL CIRCULATION PUBLISHED IN SAID COUNTY, FOR PUBLICATION OF A PORTION THEREOF IN EACH OF SAID NEWSPAPERS.

NOTICE

NOTICE IS HEREBY GIVEN that unless the total amount due for taxes, assessments and other charges levied in the year 1959 for the fiscal year 1959-60 on any property, shown on the list below in dollars and cents opposite the description of the property, is paid before 10 o'clock a. m. June 27th, 1960, the real property on which such amounts are a lien (except real property previously sold to the State and not redeemed) will by operation of law be sold to the State of California at such time in the office of the Tax Collector at the court house in the City of Nevada, County of Nevada.

Attention is hereby directed to the Addenda to this published delinquent list. Property listed in this Addenda and heretofore sold to the State will, on the 30th day of June, 1960, at 10 o'clock a. m. in the office of the Tax Collector at Court House, County of Nevada, California, be deemed to the State unless sooner redeemed or deeding is postponed as provided by law.

Dated: This 2nd day of June, 1960
ELMA HECKER,
Tax Collector of Nevada County, State of California.

STATE OF CALIFORNIA
DEPARTMENT OF PUBLIC WORKS
DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS
 Sealed proposals will be received at the office of the State Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock p. m. on June 22, 1960, at which time they will be publicly opened and read in the Assembly Room of said building, for construction on State highway in accordance with the specifications therefor, to which special reference is made, as follows:

Nevada County, between 2.6 miles east of Soda Springs and 1.0 mile west of Junction of Routes 37 and 38 (Ill-Nev-37-B.C.D.), about 7.0 miles in length, a freeway to be graded and drainage facilities installed or constructed, a frontage road to be graded and paved with asphalt concrete on aggregate base and a bridge to be constructed.

Bids are required for the entire work described herein. The time limit specified in the special provisions for the completion of work contemplated herein is, in the opinion of the State Highway Engineer, insufficient to permit completion of the work by the Contractor working a normal number of hours per day or week on a single shift basis. It is expected that additional shifts will be required throughout the life of the contract to the extent deemed necessary to insure that the work will be completed within the time limit specified. Any additional costs occasioned by compliance with these provisions will be considered to be included in the prices paid for the various items of work and no additional compensation will be allowed therefor.

Plans, specifications and proposal forms to be used for bidding on this project can only be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California.

Plans and specifications may be seen at the office of the State Highway Engineer at Sacramento, at the offices of the District Engineers at Los Angeles and San Francisco, and at the office of the District Engineer of the district in which the work is situated.

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Standard Specifications and special provisions. Each bidder must be licensed and also prequalified as required by law.

The Department of Public Works reserves the right to reject any or all bids.

Minimum wage rates for this project have been predetermined by the Secretary of Labor and are set forth in the special provisions. In the event there is a difference between the minimum wage rates as predetermined by the Secretary of Labor and the prevailing wage rates as determined by the Department of Public Works for similar classifications of labor, the Contractor and his subcontractors shall pay not less than the wage rate which is the higher of the two.

Abbreviations used in the schedule of predetermined wage rates in conjunction with employer payments listed in the right hand columns are identified as follows:

ph	per hour
phw	per hour worked
php	per hour paid
phw/p	per hour worked or paid
psht	per straight time hour
pshtw	per straight time hour worked
pshtp	per straight time hour paid
pshtw/p	per straight time hour worked or paid
pd	per day
pdw	per day worked
pdw/p	per day worked or paid
w	wage
gw	gross wage
tw	total wage
pmd	per man day

Employer payments other than those itemized herein, as defined in Section 1773.1 of the Labor Code, are to be paid in accordance with the terms of the collective bargaining agreement applicable to the type or classification of the workmen or mechanics employed on the project.

Overtime, Sundays and Holidays—not less than one and one-half (1 1/2) times the basic hourly rate plus applicable employer payments. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.

Copies of all collective bargaining agreements relating to the work as set forth in the aforementioned Labor Code are on file and available for inspection in the office of the Department of Industrial Relations, Division of Labor Statistics and Research.

Attention is directed to Section 7.1.01G of the Standard Specifications providing for employment of apprentices on the work. Every such apprentice shall be paid the standard wage paid to apprentices under the regulations of the trade at which he is employed. Information relative to employment of apprentices shall be obtained from the Director of the Department of Industrial Relations, who is the Administrative Officer of the California Apprenticeship Council.

Pursuant to the provisions of Section 1770 of the Labor Code of the State of California, the Department of Public Works has ascertained the general prevailing rate of wages and employer payments for health and welfare, vacation, pension and similar purposes in the county in which the work is to be done to be as follows:

in the past few weeks to receive a heavy volume of mail discussing the proposal of the fish and game commissioners, Thomas Richards, Jr., of Sacramento and Henry Clineschmidt of Redding for a one-deer, all-year, either-sex hunting season.

Letters have come from most corners of the state and, with few exceptions, have been of the non-form-letter type. While the questions as to the single season, either-sex hunting and retention of the present buck-only laws have been answered, there have been many opinions and suggestions.

These have ranged from proposals for complicated seasons and regulations to a serious opinion that if we don't stop hunting bucks only, we will develop a breed of deer that has antlers on males and females alike.

Perhaps the most interesting by-product of the survey of preferences for deer seasons and regulations has been the movement by the Camp Fire Girls. Starting with a letter from the Marin County Camp Fire Girls, the program now has spread into a statewide campaign. Letters to Richards and Clineschmidt, with copies to the Fish 'N Gamer, now are coming from all parts of the state.

On such a complex, and some-

times ridiculous, subject as deer hunting in California, it might be charged that bringing in the Camp Fire Girls is a tongue-in-cheek or facetious approach. This is not true, however, as it brings to mind what may be a serious shortcoming in the administration of hunting and recreation as well. This is the matter of the limited jurisdiction of the various administrative agencies.

Not that this is a bad idea, because it often is necessary and desirable.

But, in the case of the fish and game commission, if every member had a daughter in the Camp Fire Girls who wanted to attend a summer camp which might be impaired by a long deer season, or a hunting season which was switched around, the commission still would be powerless to act.

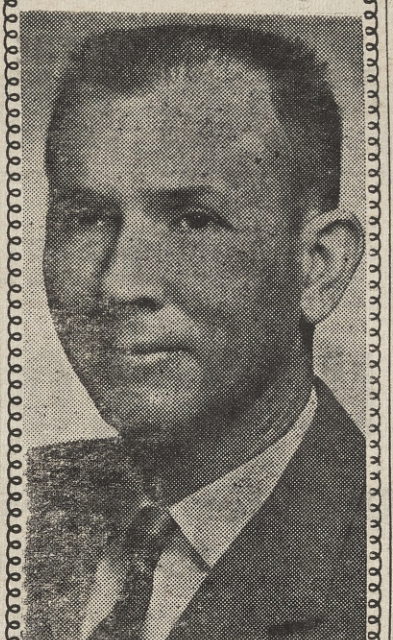

The same is true of fire danger. Unless the governor proclaims a fire emergency in an area, the commission may not alter the seasons because of fire danger. Other local authorities will report fire hazards are extreme, asking for a closed season, or later season.

But the commission is charged to set seasons and regulations for the good of the fish and game, and nothing else. This may include the convenience of hunters and fishermen (seasons are now set to open on Saturdays to suit the sportsmen). But it could not alter its deer seasons to make it more suitable for summer camps for the Camp Fire Girls.

The same is true, to some extent with wildlife conservation board. In financing projects for access to water or hunting areas, or in building installations, the board must consider hunting and fishing only—not recreation in general, such as camping, picnicking, or other mate sports.

Most everyone will realize that the use of natural resources must be an integrated thing; the hunters or fishermen cannot be served at the expense of all others, nor can they be ignored because of the wishes of others. In the complex development of modern society, perhaps this is a field for study.

RABID SKUNK FOUND ON FARM IN PLACER

AUBURN—With the discovery of a dead skunk, subsequently proved to be infected with rabies, on a stock ranch in the Lincoln area, it is probable, according to Dr. Richard P. White, the county health officer, that Placer County will be declared a rabies area by the regional rabies advisory board. The dead animal was found recently in an enclosure in which two dogs were penned. The older animal was protected by vaccination but the other dog had not been inoculated. Currently the dog is under quarantine and careful observation.

California has an annual wine production valued at \$80 millions.

DONNER TRAIL SCHOOL
Perhaps the highlight of the week may have been Andy Del Carlo's eighth birthday which the class helped him celebrate, by giving him a small class party. Visitors present were Andy's brothers, Dan and John, and his mother, Mrs. Jane Del Carlo.

KINGS BEACH SCHOOL
SEVENTH GRADE: The last new spelling test has been given. Estelle Howell and Kent Fugazi received top grades, while Amy Arndt, Mark Vance, Tom Sumpter, Ronnie Baker, Toni Taylor, Donna Mackin, and Marie Wainscoat received above average grades.

TAHOE LAKE SCHOOL
KINDERGARTEN: The kindergarten children at Tahoe City enjoyed and excursion trip near the school Friday morning. They saw an ant home with the ants busy at work and a mother horse with her baby colt.

A little black kitten with white boots came to school Thursday. He came with Clifford Plew.

FIRST GRADE: The first graders are ready for their trip to James Canyon Ranch at Genoa, Nevada. They will visit the dairy and the creamery. This trip is a culmination of the dairy unit they have been studying.

SECOND GRADE: The class was entertained this week by Laura Hoxsie, and Sharon Christensen. The two girls made and put on a very nice puppet show.

President for the week is Marvin Banta, and the secretary is Sandy Poulsen.

SECOND THIRD GRADE: Officers for this week are: president, Jeff Frachineaud; vice president, Scott Broomhall; secretary, Frank Breck.

Our class is richer by one this week with the enrollment of Jeff Frachineaud, Jeff is from Inglewood.

THIRD GRADE: Our president this week is Greg Pyle, the vice president is LeRoy Hammer and the secretary, Tom Handy.

The following people received grades of A or B for their science reports: Sands Hall, Mike Kettenhofen, Kitty Wertz, John Spitsen, Greg Pyle, Ann Call, Mark Calhoun, Mike Dempsey, Cheryl Bech-

dolt, Mark Sullivan, Michael Allgaier, and Heidi Henrikson.

FOURTH GRADE: The following children received high scores on their California relief maps: Tommy Carnell, Jerry Collins, Tommy Easterly, Tommy Hoff, Ernie Marier, Steven Shaw, Roxanne Anders, Tabor Griswold, Leah Howard, Janet Jorgensen, Dianne McBride, Ann Starratt, and Suzanne Wertz.

FIFTH GRADE: Holding highest grade averages for the year in the three R's with possible recognition as honor students are Jon Caulkett, Dick Pomin, Tad Hall, Mike Keith, Holly Wall and Leigh Swigert. Trailing within a range of one to three points are Terry Stimson, Lynn Harper, Cathy Coster and Janet Phillips.

SEVENTH GRADE: Last Thursday night the seventh graders went to Squaw Valley ice arena for a skating party. Among the learners were Mike Kechn, Janet Stromgren, and Mike Rates. Some of the girls put on a short doubles exhibition. Those doing a fine job were: Lisa Davis, Holly Shaw, Wendy Broomhall, Susan Stephani, Penny Clark, and Patty Byrd.

OPPOSITION TO DOE HUNTING DEVELOPS

SACRAMENTO—(CNS) — The opposition to antlerless deer hunting is developing some opposition within its own ranks.

It all started when the Big Game Citizens' committee appointed by Assemblywoman Pauline L. Davis (D-Portola), chairman of the state assembly fish and game committee, became not so big. The shrinking of the Citizens' group occurred when four of its members staged

LIQUOR INDUSTRY IS PLAYING FAIR NOW, DIRECTOR REPORTS

SACRAMENTO—(CNS) — The liquor industry in California is playing more fair with the fair trade law these days.

Malcolm E. Harris, director of alcoholic beverage control, said the "market is the cleanest it's ever been," from the standpoint of violations of the Fair Trade Act.

"There still is a small percentage of licensees who just ignore us and continue to commit violations," Harris said. "They do it right out in the open."

"But this is only a small group—a couple of dozen in the San Francisco Bay Area and a couple of dozen in Los Angeles," he said.

However, as a result of the relatively clean atmosphere of the great bulk of the industry, Harris said he believes most people in the liquor business are showing they want the fair trade act to remain on the books. Earlier, when announcing an enforcement program and urging the industry to respond, Harris had indicated he might recommend the law be repealed, if no showing was made the industry wanted it.

The department, under Harris' leadership since January, began a crackdown on fair trade violations last December. At that time, a five-year-old case was upheld by the state supreme court, which held the fair trade act was constitutional.

The department has said for years that the alcoholic beverage industry claimed it wanted the fair trade act, but continued to commit wholesale violations. Harris, in effect, put the industry on notice shortly after taking office in January, to show that it wanted Fair Trade or face its possible repeal.

Under the state's unique fair trade act, the wholesalers, distributors or distillers file a minimum price schedule for their brands. The department then must enforce the minimum prices. (Fair Trade on beer is optional).

Harris had claimed that many of the under-price sales were the result of huge-discount, quantity sales by wholesalers, distributors or distillers. The retailer, in order to unload the volume, had to sell below the legal price. Such illegal sales are more prevalent in the holiday seasons.

Since Dec. 2, the department has filed 42 accusations charging Fair Trade violations. In each case, it has notified the industry of the action taken and encouraged distillers, wholesalers, distributors or other retailers to take civil action against the offender.

One such action has been taken. A distiller filed a suit against a retailer charged with violations. A restraining order was granted by the court. Now if the licensee violates the law again, he could be found in contempt of court and fined or jailed.

If the department moves against offenders, cases can stay in the courts for a matter of years and the violations continue while the litigation is pending.

Harris said he is convinced fair trade is in the best interests of the public as it keeps any one element from controlling the industry. If there was no such law, the larger stores might force the smaller ones out of business, one by one, as has happened in other states.

Harris said that, on the basis of the present climate in the industry, he probably will be inclined to recommend to Gov. Edmund G. Brown that the fair trade act be kept on the books. Brown has evidenced some misgivings about the act, as he felt it might result in higher prices to the consumers.

a walk-out because things weren't going to suit them.

These included two men from Mrs. Davis' own bailiwick—Charles Bull of Redding and Joe Shannon of Dunsmuir—as well as Bud Boyd, San Francisco outdoor writer.

They didn't leave quietly and one of the statements from Bull brought forth a lengthy attack on him by Mrs. Davis.

In my opinion, the recently issued statement by Charles Bull relative to the Citizen's Advisory Committee on Big Game is completely unwarranted and the charges he made are unfounded," it began.

Mrs. Davis, who is running for re-election to the assembly from the 2nd assembly district went on in the statement to point out that her record in the legislature had been "primarily devoted to the protection and enhancement of our natural resources, resources that are so vital to the economy of my assembly district, and indeed to all Californians."

Part of Mrs. Davis' statement, however, cast further doubt on just what the point of the Citizens' Committee study is. There have been forecasts that its report, when issued, would be ignored as far as legislation was concerned.

Mrs. Davis noted that, "regarding antlerless hunts, my position opposing them has not changed," indicating the report won't change her mind. And she added what others have charged: "Regardless of the nature of the recommendations, the interim committee is, of course, not bound by the advisory committee's recommendations, and neither am I."

AVERAGE TAX RATE IN STATE NOW \$6.44

SACRAMENTO—(CNS) — The average tax rate in California jumped to \$6.44 per \$100 of assessed valuation, the state board of equalization reported today.

The board made this announcement in reporting state taxes against railway rolling stock owned by others than railroad

companies. This equipment includes refrigerator, tank and sleeping cars operated over California rail lines by such companies as Pacific Fruit Express, General American Transportation Corporation and The Pullman Company.

This rolling stock, called "private cars," is taxed by the state at the average rate for local taxes as found by the board.

During the next fiscal year, the application of the \$6.44 rate should

RETAIL SALES HIT NEW HIGH IN STATE

SACRAMENTO—(CNS) — The state board of equalization said retail sales totaled a record-breaking \$5.3 billion during the first quarter of 1960.

This was eight per cent higher than for the first three months of 1959. The board said the gain was made without the benefit of Easter shopping as most of this occurred in April and will be reflected in sales for the second quarter of the year, April-June.

The board said, if the rate of growth in retail trade occurring during the first quarter is sustained,

produce more than \$1.5 million in state revenue from about 100 companies.

ed throughout the year, the taxable sales for 1960 would amount to about \$25 billion.

This would produce revenues of \$750 million in the state's three per cent sales tax, as well as \$250 million in county sales taxes.

STRIKES & SPARES

BY JOE WILMAN
THE LINE SYSTEM USES FOUR CHECK POINTS

The system of bowling I use is called the line system. It employs some of the techniques of both the pin bowler and the spot bowler.

The line system gives me four check points:

1. My starting position on the approach.
2. The finishing position of my left foot at the foul line.
3. My spot on the lane.
4. The target among the pins—either the 1-3 pocket or the spare.

Here's how I use it. If my first ball in a frame comes in too heavy on the nose, I begin checking. My check point at the pins tells me the ball came in too high.

Next, did I hit my spot? If I missed it slightly to the left, there's where my trouble lies. If not there, how about my left foot's finishing position at the foul line? Did it finish where it should or did I drift a bit in my footwork? I check it as the picture illustrates. My final check is at my starting position. Did I face my target from the proper angle on the approach? Somewhere in these check points lies the answer to my problem. As you can see, it is a bit complicated for a beginner bowler. But it's worth the effort if it helps you find out where and how you made a mistake.

RAFFETTO URGES ALL VOTERS TO TURN OUT

John A. Raffetto of Auburn, a candidate for the Republican nomination for state senator from the Seventh District, which includes Nevada County, hopes for a large vote at the June 7th primary election.

"I should like to see Nevada County far exceed the 62 per cent vote predicted by the secretary of state," Raffetto said this week. "I think the office I seek is important to the people of the district; too important for them not to vote."

During my campaign I have had face to face talks with several thousand residents of the district, and the conviction this district needs a full time state senator has grown on me," he continued. "The man who serves the area for the next four years needs to give the job his undivided attention. If nominated and elected, I promise to do just that."

"There are too many problems to be solved for any man to serve you adequately and still conduct a private business or profession along with public responsibilities," he added.

"Having lived in the foothills and mountains my entire life, I feel

TRAIN CAR MISHAPS FREQUENT IN STATE

Forty persons were killed during the first three months of 1960 in motor vehicle-train collisions in California, Bradford M. Crittenden, commissioner of the California Highway Patrol, declared today in appealing for greater obedience to the railroad crossing provisions of the vehicle code.

Fourteen perished on March 1 in Kern County when a fast passenger train crashed into a truck, Crittenden added. "However, there have been 20 other accidents in which 26 persons were killed and a little more than half of these occurred within cities."

The patrol commissioner said the most frequent violations of the railroad crossing provisions are failure of passenger car drivers to obey signal devices and failure of truck drivers to stop when they are required to do so.

"Whenever a signal device is operating at a crossing, the motorist must stop within 50 feet but no closer than 10 feet of the crossing," Crittenden declared. "The law then permits him to proceed if he can do so safely."

"Far too many drivers ignore the signals altogether and speed across in front of the oncoming train. The penalty for failure to beat the

WAITING TIME FOR VET LOANS IS CUT

SACRAMENTO — (CNS) — A move to cut the waiting time for California veterans who apply for the state's Cal-Vet farm and home purchase loans has been announced by the department of veterans affairs which administers the low-interest program.

Joseph M. Farber, director, said the main change in the procedure will be an immediate start on checking the applicant's qualifications and eligibility of the property for a loan. As soon as these are determined, the application will be rejected or a loan commitment issued.

If the loan commitment is issued, the veteran will be in a position to complete the purchase and occupy the property, through use of interim financing or other arrangements with the seller or builder.

The loan itself would not be approved and issued much sooner than at present.

Under the former method, none of the checking qualifications and eligibility was started until the applicant's priority came up—a delay of six months or more.

Farber said the new priority system was expected to reduce the number of veterans on the waiting list, by eliminating those who cannot qualify. Applicants on the waiting list found to be ineligible still will be able to apply again in the future, when the disqualifying factor has been corrected, he said. "Issuance of a loan commitment should do much to eliminate the

uncertainty of many applicants who hesitate to make plans for acquiring a home or farm without formal assurance from the department that they will qualify," Farber said.

Farber said applications total about 2,100 a month, with about 1,350 loans approved each month.

SUPERVISOR

FIFTH NEVADA COUNTY DISTRICT

Primary Election June 7, 1960

ELECTION

(Continued From Page 1)
man, the incumbent, Paul J. Lunnardi, is unopposed on the Democratic ballot, while on the Republican ballot the name of Willard L. Harvey of Colfax will appear.

On the Republican ballots, a list of those preferring Richard M. Nixon for president will occupy the space, while there are two lists for a Democratic candidate, those preferring Edmund G. Brown and those preferring George McLain.

In the western end of the county the two incumbent supervisors, Mosco Smart and W. W. Bishop each have opposition, with Walter J. Butz and Gene M. Ricker both of Nevada City, opposing Smart and Jearold F. Brust seeking to unseat Bishop.

Predications are that the vote will not exceed 60 per cent of the 1,100 or so registered in this district, although the contest for supervisor may result in a larger than anticipated turnout.

Polling places in this district are located as follows: Truckee 1A and 1B at the old Truckee elementary school, Truckee 2A at the office of the justice court, Truckee 2B at the Cottage Hotel, Floriston at the Felesina residence, Donner Lake at the Armstrong Realty office, Soda Springs at Donner Summit Lodge, Truckee 1B at the Methodist Church.

Polls will be open between the hours of 7 a. m. and 7 p. m.

MOSK GIVES RULING FOR VOTE WRITINGS

Attorney General Stanley Mosk has ruled that even though cross-filing has been abolished for candidates in the primary election, a person may become a candidate for a political party other than his own through the write-in process.

There is no indication, Mosk said, under the law that a person whose name is written in need have any particular party affiliation.

Loehr Seeks Votes On Past Record

During the course of my campaign for reelection to the board of supervisors to serve the fifth Nevada county district, I have attempted to point out a few of the accomplishments of the office—not through a spirit of bravado, but simply to show the voters that accomplishments can come only through hard work and persistence.

I have attended more than 95 per cent of the meetings of the board, a necessary procedure if this end of the county is to benefit from the county spending program.

The road equipment and personnel has been materially increased during my administration and the sheriff's office and justice court have been added to and improved.

There are a number of major projects for which I worked diligently, including restoration of the Rocking Stone Tower, financing construction of the Brockway shortcut and paving and improvement of every street and road in the district.

Throughout my administration, I have attempted to bring to this district everything possible. This has not been easy and requires experience and long-range thinking, constant attention and hard work.

With the new freeway now bypassing the main part of town and other important changes forecast, it is imperative that your representative on the board of supervisors be experienced and able. You have counted on me to do the job in the past and I have done my best. I hope you will consider seriously my application for reelection and vote at the June 7 primary.—H. G. Loehr
